

blockchain skills for Europe

About the project

As a Sector Skills Alliance, CHAISE addresses the growing demand for blockchain and distributed ledger technologies (DLTs) skills across Europe.

Mission

The core mission of the CHAISE project is to develop a strategic approach on blockchain skills development for Europe as well as to deliver future-proof training solutions, in order to tackle blockchain skill shortages and to respond to the current and future skill needs of the European Blockchain workforce.

Main Results

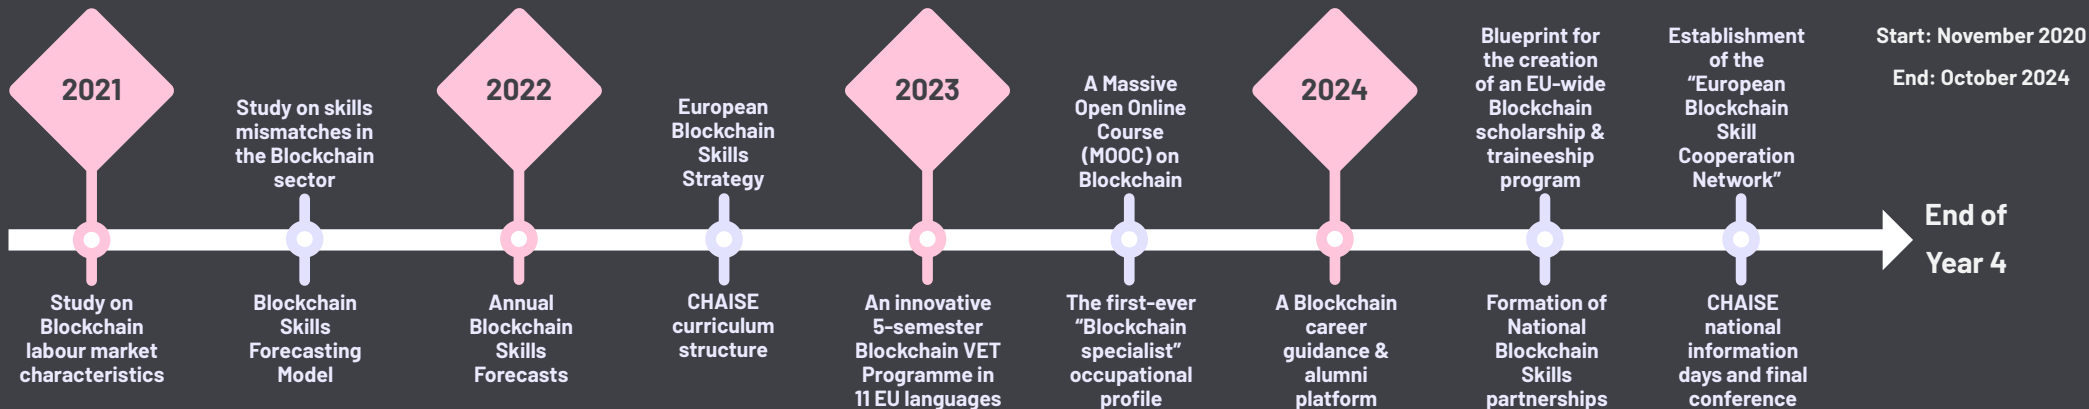

- A European Blockchain Skills Strategy
- National & European Blockchain Skills Ecosystems
- A 5-semester Blockchain VET Programme
- Transnational mobility schemes for Blockchain students & professionals
- The first-ever "blockchain specialist" occupational profile
- A forecasting mechanism to anticipate future blockchain skill needs

Our website is available in 11 European languages! Learn more about the project and read our latest publications by visiting <https://chaise-blockchainskills.eu>.
